

Climate Change Policy

THCM will play a leadership role in Climate change by being knowledgeable, responsive and trustworthy, and by adopting environment-friendly technologies, business practices and innovation, while pursuing its growth aspirations and the enhancement of stakeholder value.

THCM will measure its Carbon Footprint and will strive to:

- ◎ Be the benchmark in the Construction Equipment Industry on the carbon footprint, for its plants and operations
- ◎ Engage actively in climate change advocacy and the shaping of regulations in Construction Equipment Business Segment.
- ◎ Incorporate 'Green' perspective in all key organizational processes.

Sandeep Singh
Managing Director
