

Quality Policy

THCM is committed to maximizing customer satisfaction and delight. It will strive to achieve this goal by continual improvement of its design and development, manufacture, sale and services of its products. It will also ensure that its products are reliable, safe, environment - friendly and cost-effective and its services are of the highest order.

THCM also has a commitment towards improving the quality of life of its employees, both within and outside its plants and offices. It will strive to achieve this through the continual improvement of its work practices and community initiatives.
