Tata Hitachi launches backhoe loader

OUR BUREAU

Hyderabad, October 14

Tata Hitachi, a 40:60 joint venture between Tata Motor and Hitachi Construction Machinery Company, has launched Shinrai, an indigenously de-

veloped backhoe loader, in the Telangana market. The new loader was already launched in Tamil Nadu, Karnataka and Kerala in the last two months. "We will roll out the model in other States in the next few months,"

Sandeep Singh, Managing Director of Tata Hitachi, has said. "With 17 per cent more space in the cabin which has easy-to-work controls, the machine factors in the special needs of the users in the country," he said.
