The Extended Warranty program is an extension of the standard warranty given on the purchase of a new Tata Hitachi equipment.

Under this program, Tata Hitachi or its authorized dealers will repair or replace the parts covered under the extended warranty program if they are found defective, provided:

- The equipment is under normal use
- The maintenance of the equipment is carried out by Tata Hitachi's authorised service engineer as per Tata Hitachi's schedule
- Tata Hitachi genuine parts (spare parts and consumables) purchased at the authorized dealership have been used during any prior maintenance or repair of the equipment

This is subject to the terms and conditions of the program.

The table below summarises the extended warranty program for various excavator models:
