Providing Equipment &
Services for
Infrastructure & Mining
Sectors

40 Years of Partnership

- A journey of a thousand miles began with a single step, and Tata Hitachi Construction Machinery's commenced 63 years ago.
- The joint venture between Tata Motors and Hitachi Construction Machinery stands as a testament to longevity, resilience, and mutual success
- The genesis of the Tata-Hitachi joint venture dates back to 1984. It was a strategic alliance formed with a shared vision of leveraging each other's strengths to create a formidable presence in the construction equipment market.

A large orange Tata Hitachi excavator is the central focus, positioned in a tropical environment with palm trees and a yellow bus in the background. The scene is dimly lit, suggesting dusk or dawn. The excavator's arm and bucket are prominent, with the brand name 'TATA HITACHI' visible on the boom. The overall mood is industrial yet serene.

TATA HITACHI

**AAO
KARTAVYA NIBHAYE
CHALO
DESH BANAYE**

A TATA Hitachi wheel loader is shown at night, dumping a large load of material from its bucket. The scene is illuminated by the machine's headlights, creating a bright glow against the dark background. The loader is orange and black, with 'TATA' visible on its side. The background is a dark, textured surface, possibly a construction site or a quarry.
