ABOUT US

TATA HITACHI

Reliable solutions

HITACHI

Reliable Solutions

Tata Hitachi Construction Machinery Company Private Limited is a leading name in the Indian construction equipment industry. A joint venture between Tata Motors (40%) and Hitachi Construction Machinery, Japan (60%).

OUR VISION & MISSION

VISION

Reliable Solutions for Building a Greater Tomorrow.

MISSION

Be the preferred partner for providing reliable solutions for mining and infrastructure sectors. While dominating the domestic market, we will become a global manufacturing and development hub.

Our hallmark shall be our motivated people, customer centric culture, superior technologies and strong partnerships, all working safely in unison with environment and society.

OUR GUIDING PRINCIPLES

Right machine at the
right time

Fix it right the first time

Quality is not only what
we produce; Quality is
what we deliver

CONSTRUCTION SERVICE

Our service commitment guarantees operational efficiency and customer satisfaction across every project

MINING SERVICE

Tata Hitachi delivers specialized service solutions for mining equipment, ensuring maximum uptime in the most demanding conditions

GENUINE SPARE PARTS

Tata Hitachi offers genuine spare parts that ensure reliability, performance, and longer equipment life. Backed by a robust distribution network, we ensure quick and consistent availability

We've embedded telematics such as ConSite in our Ultra series Excavators and InSite in our EX Prime, Infra series Excavators, Backhoe Loaders, and Wheel Loaders. Helping optimize fleet utilization, ease equipment management, enhance safety, monitor machine health, and improve maintenance resulting in significant savings.

e-DOST is a one stop solution for your construction equipment related requirements. This e-commerce platform provides solutions for service, genuine spare parts, and many other needs.

VALUE ADDED SERVICES

REMAN

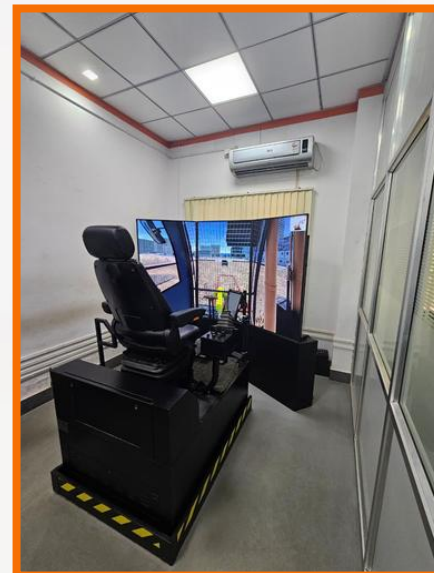

Remanufactured using genuine parts and expert processes, our components deliver cost savings, long-term reliability, and promote a circular economy through sustainable reuse.

TATA HITACHI
RE-MAN

Our responsibility goes beyond business. At Tata Hitachi, we partner with communities around our facilities to improve quality of life through long-term, need-based initiatives. Guided by our five CSR pillars - Education, Skill Development, Healthcare, Rural Development, and Environment. We're building stronger communities and a more sustainable future. We believe in shared progress — where every step forward is one we take together.
